

After the holidays, be sure your tree is composted!

Please follow these easy tree collection guidelines:

- Please remove the stand, all lights and decorations prior to placing your tree at the curb for collection.
- Tall trees should be cut into pieces no longer than five feet.

- There will be no service delays during the weeks of Christmas and New Year's.

PLEASE NOTE:
Flocked trees will be collected but cannot be composted.

Mission Trail Waste Systems will collect trees on your regular service day from December 26th through January 13th. Please place your tree at the curb by 6am.

Compost more than your
Christmas tree this holiday
season...

Be sure to put
turkey and ham
bones, potato
peels, and any unwanted
holiday feast leftovers in
your green organics cart!
