

Mission Trail Waste Systems Proudly Presents...

## Simple Setout!

Please start using your new garbage cart immediately!

**READY...**

Place garbage inside your new gray cart. Collection service will be provided weekly.

**SET...**

Remember to place cart out prior to 6am on your service day. Unless you've subscribed to backyard service, cart must be placed at the front of your property with wheels facing your home.

**GO!**

Take care not to place cart too close to obstacles such as parked cars, fire hydrants, and low-hanging tree branches. If possible, **leave 2 feet of space** on either side of your cart to allow the automated truck arm enough room to operate.

### Also, don't forget...

- Do not overload your cart—make sure the lid fully closes.
- Avoid tightly wedging or compacting materials inside your cart. This will help ensure that all materials get emptied.
- Garbage goes straight to the landfill. Don't put recyclables, food/yard waste or hazardous materials inside.

### Questions? We Have Answers!

**Q:** *Do I have to use the new cart?*

**A:** Yes. Mission Trail Waste Systems provides automated service using trucks fitted with robotic arms to empty carts. We cannot service other types of collection containers.

**Q:** *What can't I put in the garbage cart?*

**A:** Do NOT place recyclables, food/yard waste or hazardous items in your gray cart. Refer to the Residential Recycling Guide or contact us for information on how to properly dispose of items like batteries, auto fluids, pesticides, cleaning products and sharps.

**Q:** *Is it too late to subscribe to backyard service?*

**A:** No. Please give us a call or visit our website for more information.

**Q:** *How do I dispose of items too large for the cart?*

**A:** Contact us to arrange for an On-Call Cleanup or Bulky Item Collection.
